## Bio

I am an Interaction Design student, pursuing M. Des at JKLU, Jaipur. I am keenly interested in UX Design and User Research and am familiar with Figma, Framer, and Webflow. I am actively looking for internships and entry-level full-time opportunities.

## Experience

FEB 2023 - MAY 2023

**Pulpit Mobility, Remote - UI/UX Design Intern**

- Key design team member, creating visuals, wireframes, and prototypes. Designed and tested key app flows like price bidding and chat, boosting success. The app hit 10,000+ Play Store downloads with 90% positive feedback.

## Projects

COURSE WORK - UX DESIGN

**Uber Dynamic Carpooling, March 2025**

- Presenting a new feature, Uber Dynamic Carpooling—a flexible way for users to choose carpooling after their ride has started. This enhances ride efficiency while keeping user preferences in mind.
- Case Study: <https://fanindra.xyz/projects/uberpool>

COURSE WORK - PRODUCT (PHYSICAL) DESIGN

**Redesigning Crutch tips for better functionality, February 2025**

- Existing crutch tips lack stability, comfort, and durability. Our team redesigned them for improved safety, longevity, and user comfort
- Case Study: <https://fanindra.xyz/projects/accessibility>

COURSE WORK - DESIGN PROCESS PROJECT

**Design Process Project on Mental Health, November 2024**

- Help individuals assess their mental health condition through accessible tools and connect them with appropriate care to ensure timely support and recovery
- Case Study: <https://fanindra.xyz/projects/mental-health>

## COURSE WORK - USER RESEARCH, CRAFTS STUDIES

### The Song of Thathera, August 2024

- We explored Jaipur's crafts and culture, spending time with Thathera artisans, learning their stories, and understanding their craft. We designed a book documenting our findings.
- Case Study: <https://fanindra.xyz/projects/thathera>

## PERSONAL PROJECT - UX DESIGN

### Parked - UX Case Study, June 2023

- Designed an app to optimize employees' parking with real-time availability, reservations, navigation, and digital passes for enhanced efficiency and convenience.
- Case Study: <https://fanindra.xyz/projects/parked>
